

NEWBRO'S HERPICIDE

The original remedy that "kills the dandruff germ"—An exquisite hair dressing.

THE LADIES OBJECT to a rummy and sticky hair dressing or one that is full of sedimentary chemicals intended to dye the hair. The marked preference for a clean and dainty preparation, particularly one that overcomes excessive oiliness and leaves the hair light and fluffy, is reflected in the enormous sale of Newbro's Herpicide. Discriminating ladies become enthusiastic over its refreshing quality and exquisite fragrance.

A WOMAN TO BE PRETTY must have pretty hair. The features may be quite plain or even homely, yet if the head is crowned with an abundance of beautiful hair, attractiveness will not be lacking. The poet says: "Fair tresses man's imperial race ensnare." Herpicide gives the hair a charming distinction that is characteristic of no other hair dressing.

DISEASED HAIR A MISFORTUNE. Unusually or diseased hair is a misfortune in more ways than one. There is the actual injury to the hair follicles and the consequent loss or thinning of the hair; this may cause diseases that sometimes follow a

removal or thinning of nature's protection to the head. A diseased condition of the hair affects woman's disposition to a marked degree. If the hair is dull, brittle and lifeless, owing to the presence of a microbe growth, the effect is to dampen one's spirits and cause a loss of interest in personal appearance. The use of Newbro's Herpicide overcomes the ravages of the dandruff microbe, after which the natural beauty and abundance of the hair will return as nature intended. Almost marvelous results follow the use of Herpicide. Gentlemen will find Newbro's Herpicide in use at all important barber shops.

STOPS ITCHING OF THE SCALP ALMOST INSTANTLY.

Regarding the merits of Newbro's Herpicide, an article that your Agent left a trial bottle with me is sent; I have prescribed it in several instances and have had favorable reports therefrom in each case.

The first advertising car of the Sells-Floto circus arrived this morning and a big crew of billposters and other distributors of advertising are smearing the city over with great lithograph sheets telling of the wonders which may be seen within the "big top" when it shall have spread its tent over several acres of ground in this city. The circus is billed for Sunday, April 11, and the usual show grounds on the west side of the railroad track will be used.

It is understood that the Sells-Floto shows consolidated this year have undergone a general renovation in each and every one of the many departments and from the monster exhibit on tents to the cook tent everything is new, clean and up-to-date, the only thing that has been retained being the trade mark and name—Sells-Floto—which means everything first class. Five long trains of cars transport these immense shows east and west season, and the biggest and best combination of circus and menagerie attractions are presented, to say nothing of the numerous auxiliary novelties offered in conjunction with this immense circus. The worst famous \$25,000 Armour dapple gray prize winning team are also with the big show. They are the greatest feature ever toured with any circus.

ELKS ELECT OFFICERS

Douglas lodge No. 955, B. P. O. E. last night elected the following officers to serve for the current lodge year:

The appointive officers will be named at the next meeting, at which time, also, will occur the installation of the new officers.

Aside from an optimistic report from the chairman of the special committee in charge of the movement to raise funds with which to lift a debt on the Tenth street property, the business of the meeting was largely routine.

Following the lodge meeting, refreshments were served in the ante-room.

The ladies of St. Cecilia's guild are putting on an airy operatic extravaganza, "The Military Girl," compiled by Leslie Stewart. The play will be put on under the auspices of Mr. Fred Carlyle, late of Berkeley University, who has just finished with the same play at B. B. of the Women's club. The operetta is on the order of the famous Weber and Fields performances, light, graceful and gay. Features will be the Florida acrobats and burlesques on the acrobats. The name suggests that the music will be martial and catchy. The scenes are laid about a western military post and the principal characters will be post officers, their wives and sweethearts. The selection of the cast has not been completed but the military drills and some of the choruses have started rehearsing. The cast calls for forty people. The ladies expect to put the play on at the Orpheum on Easter Monday.

Messrs. Roy and Alfred Riley were hosts to the Lobbings Piano club at their Twelfth street home on last Monday evening. The occasion was very merry one and not calculated to reflect the more serious side of music study, as it was the "surprise program" of the year and aimed to be more humorous than the regular meetings.

The greatest surprise of the evening was the "German Ladies' Orchestra," in which Messrs. Riley, Krinkel, Mayo, Zander, Paschke and Misses Rice and Paschke, accompanied dressed in all kinds of women's apparel and playing a variety of musical instruments from the cello and trombone down to the triangle and mouth organ.
